

Dear visitors!

Smart City EXPO 2014 has opened its gates yesterday and we are welcoming you to visit us at our booth in the Israeli pavilion C306.

Smart City EXPO 2014 is our platform to announce our latest product innovations and solutions including the ONSITE™ web-based lighting control solutions, as well as announcing our latest improvements and create new business opportunities in the rapidly growing field of smart city solutions.

Discover our new technologies and latest innovations, come visit us today!

We were honored to by the Israeli ambassador to Spain to visit our booth, to learn and understand Eltam's innovative solutions and provide future assistance in the local Spanish market.

Looking forward to see you!

Eltam EH team.
