

Annual Lighting conference May 12, 2015

This year, as part of our tradition, Eltam participated and exhibited in the Annual Lighting Conference organized by the Israeli Committee of Lighting Engineering (CIE) together with the Society of Electrical and Electronics Engineers in Israel (SEEEI). This event became one of the most important and influencing conferences for the lighting industry covering regulations, future of lighting, new developments, photo-biologic aspects and many more. 2015 was announced as the International Year of Light by UNESCO which brings the lighting industry to the spotlight and shows its importance in the evolution of green technologies and energy efficiency solutions or clean world.

We thank all the participants of the event and our booth visitors!
See you next year...

Yours,
Eltam-EH team

**NEW
RELEASE**

ONSiTE™ Lighting Management Software V6.0

Eltam is proud to announce the release of a new and improved version of the ONSiTE™ - version 6.0. The ONSiTE™ is a leading platform for managing and controlling indoor and outdoor lighting. ONSiTE™ supports various communications protocols (DALI, PLC, RF and MidNight™) and light engines (LED, HPS, MH, Induction etc). Implementation of the ONSiTE™ system brings additional and significant savings for almost any lamp types. The main improvements are:

- Support for a new RF Gateway - allowing building high scale spread system without local lighting controllers.
- New advanced cloud - hosting server, which allows high accessibility with reliable backup services.
- Groups Tab - putting the focal point on a group displays an interactive map of the RTUs and light points that belong to that group. The groups tab also displays the active dimming profile, both textually and graphically.

Group Name	Light po...	RTUs	Assigned Profiles
Reguler LPs	30	5	Reguler Dimming
OFF	6	0	OFF
Deep Dimming	4	0	Low Dimming
Mico 1 and 2 togethe	2	2	GRP2
m2	2	1	GRP2

Item in Group
 active : Reguler Dimming ● 
 17:00 100% | 20:30 80% | 22:30 60% | 00:30 50% | 02:30 35% | 05:30 90% | 06:00 0% |
 From Date : 2015-01-01 12:00 • To Date : 2015-12-31 12:00 • SUN|MON|TUS|WED|THU|FRI|SAT • Priority : Normal

These improvements and updates have been made according to the suggestions and wishes of our ONSiTE users. We are always glad to hear your comments. Please send them to us on eltam@eltam-eh.com.

Monthly tip!

In our website you can find short video tutorials with more information regarding the ONSiTE™ operation and setup: starts from basic knowledge, continues with explanations about the creation of dimming scenarios and virtual groups and more.
